

Make a difference and become a CREATE Mentor today!

The CREATE Mentoring Program exists to educate and inspire students to pursue career pathways which create the built environment. Help lead a high school team as they complete a mock RFP. Students will complete a needs assessment, cost estimates, site plans, physical model and prepare a final presentation before attending an end of year awards banquet.

MENTORSHIP | SERVICE | EDUCATION | RELATIONSHIPS

Commitment: Teams usually meet 10-12 times in an in-class or after school setting. Sessions may include career exploration, project development and activities, special speakers and field trips.

OR sign up to be a guest speaker for one of our in class programs - commitment is 1-3 hours.

Register at srbx.org/creatementor

CREATE BY THE NUMBERS
